INDIANA SCHOOL BOARDS  
ASSOCIATION

# WHAT IS THE ISBA?

---

The Indiana School Boards Association had its beginning in 1949 at Indiana University, Bloomington, in the School of Education. Membership services were originally divided into four categories: consultant services, publications, in-service meetings for board members, and a legislative program. Today, ISBA programs and services are categorized as follows: Board Services, Policy Services, Legal Services, and Legislative Services.

All 290 traditional K-12 school corporations in Indiana are ISBA members. ISBA's staff consists of the Executive Director, General Counsel, Senior Counsel/Director of Policy Services, Director of Board Services, Comptroller, Events and Promotions Specialist, Communications Specialist, and Administrative Assistant. The ISBA staff provide services to the approximately 1,680 school board members. Services include board retreats, workshops, webinars, seminars, publication of a monthly e-newsletter and a quarterly association magazine, legal services, and lobbying representation with the Indiana General Assembly.

**VISION:** *The ISBA is Indiana's premier resource in school governance and a respected advocate of public education.*

**MISSION:** *The ISBA will support our members with the resources necessary for excellence in local school board governance.*

The Indiana School Boards Association is supported not only by the governing bodies of K-12 school corporations but also by active Associate and Service Members. These memberships allow school administrators, non-profit organizations, and business entities the opportunity to support and engage with school board members.

Please visit our website at [www.isba-ind.org](http://www.isba-ind.org) to learn more about ISBA.

## ISBA ASSOCIATE & SERVICE MEMBERSHIPS

Two very important supplemental tiers of membership are recognized by the ISBA – **Associate** and **Service**. The basic guidelines for the Associate and Service membership status allow ISBA to send all Association materials to these members and allow the Associate and Service members to register for ISBA-sponsored events

### ASSOCIATE MEMBERS

*The superintendent, assistant superintendent, and/or business director of any school corporation that holds membership in the Association, and the executive officer in other education institutions may become Associate members of the ISBA. All Associate members shall be entitled to membership privileges, as determined by the Board of Directors. Former members of boards of school trustees shall be eligible for membership and shall be assessed an annual fee.*

### SERVICE MEMBERS

*Business entities that provide goods and services to school corporations may become Service members. They shall be entitled to Service membership under such conditions as the Board of Directors may provide, including assessment of dues. All Service members shall be entitled to the rights and privileges of Associate Membership.*

# ISBA EXEMPLARY GOVERNANCE AWARDS

## INDIVIDUAL LEVELS

Each Exemplary Governance Award (EGA) level is determined by points a board member earns by attending continuous improvement and professional development activities as described as qualifying electives. Level designations are awarded ± based upon every board member's accumulation of points during consecutive years of board service.

### **COMMENDABLE: 75\* POINTS**

This level one award recognizes a member's commendable efforts by demonstrating a desire for advancing the principles of good governance. This individual has worked to attain the 1st level towards exemplary governance by earning 75 EGA points through participation in training, seminars, and/or conferences.

### **ADVANCED: 125\* POINTS**

The second level award reflects a commitment to excellence for those board members who have demonstrated their passion for service and leadership by advancing their professional development education through training opportunities that boosts their total EGA points accumulated to 125.

### **DISTINGUISHED: 175\* POINTS**

This award recognizes the outstanding achievement of a board member, dedicated to board governance at a distinguished level. Board members earning this level demonstrate a commitment to continuing education and effective board governance. This level is attained by a member earning a total of 175 EGA points.

### **EXEMPLARY: 225\* POINTS**

This is the highest level an individual board member can earn. Board members at this level have demonstrated an exemplary commitment to their own professional development in leadership and board governance through their continuous engagement in ISBA's professional development programs. Exemplary governance status requires earning 225 EGA points.

± Level awards are determined by the total EGA points accumulated by December 31st of each year. Awards are presented at the board members' respective Spring Regional meeting.

\* The points required to advance to each level must include points earned by attending a minimum of one core elective.

# ISBA EXEMPLARY GOVERNANCE AWARDS

## BOARD LEVELS

An entire board can qualify for awards in four categories based on the collective Exemplary Governance Award (EGA) status of its individual members and completing certain criteria as a unit. The first three categories are: Commendable, Advanced, and Distinguished. The fourth category represents the highest award offered by ISBA, the Exemplary Governance Award.

### COMMENDABLE

Commendable board recognition requires that a majority of a board's members have attained EGA Level One (75 points) or higher. Points earned must include points earned by attending one or more Core meetings.

### ADVANCED

Advanced board recognition requires that all board members be at EGA Level One (75 points) or higher. Points earned must include points earned by attending one or more Core meetings. Additionally, the board must complete an annual board self-assessment with ISBA before December 31st of each year.

### DISTINGUISHED

Distinguished boards must be second year Advanced Boards. Each member must earn a minimum of 25 additional EGA points per year including points earned by attending one or more Core electives. The board must also show evidence of a board retreat with an outside facilitator (agenda and name of facilitator; minimum of 4 hours) and complete an annual board self-assessment with ISBA.

### EXEMPLARY GOVERNANCE AWARD

The Exemplary Governance Award is the highest award a school board can earn. This distinction is earned by validating exemplary board service by showing evidence of leadership and governance effectiveness, student achievement initiatives, continuous improvement, strategic planning, and policy review. Any board earning this award will have clearly demonstrated EGA expectations showing how training and professional development translates into greater governance performance through effective leadership.

#### Earning the Exemplary Governance Award requires that:

- Each board member must be at EGA Level One (75 points) or higher
- The board must submit an annual performance portfolio by December 31st documenting their adherence, completion and/or validation of the following:
  - Board self-assessment with ISBA
  - Annual board retreat
  - Annual review of corporation goals
  - Evidence of the board's commitment to student achievement
  - Evidence of a board's continuing education and professional development commitment
  - Evidence of an annual superintendent evaluation
  - Adoption of a board compact and/or code of ethics

Board EGA's are determined by boards meeting the required criteria by December 31st of each year. Awards are conferred at the boards' respective Spring Regional Meetings.

LEARN MORE ABOUT EGA ON OUR WEBSITE AT:  
[www.isba-ind.org/ega-awards.html](http://www.isba-ind.org/ega-awards.html)

# ISBA CODE OF ETHICS

## A School Board member should honor the high responsibility that membership demands:

- BY thinking always in terms of children first.
- BY understanding that the basic function of the school board member is policy-making and not administrative, and by accepting the responsibility of learning to distinguish between these two functions.
- BY accepting the responsibility, along with fellow board members, to assure that adequate facilities and resources are provided for the proper functioning of schools.
- BY refusing to play politics in either the traditional partisan, or in any petty sense.
- BY representing the entire school community at all times.
- BY accepting the responsibility of becoming well-informed concerning the duties of board members, and the proper function of public schools.
- BY recognizing responsibility as a State official to seek the improvement of education throughout the State.

## A School Board member should demonstrate respectful relationships with other members of the Board:

- BY recognizing that authority rests only with the board in official meetings and that the individual member has no legal status to bind the board outside of such meetings.
- BY recognizing the integrity of previous board members and the merit of their work.
- BY refusing to make statements or promises as to how he or she will vote on any matter which should properly come before the board as a whole.
- BY making decisions only after all facts bearing on a question have been presented and discussed.
- BY respecting the opinion of others and by graciously conforming to the principle of majority rule.
- BY refusing to participate in irregular meetings which are not official and when all members do not have the opportunity to attend.
- BY working with fellow board members and the administration fairly determine the present and future educational needs of the community.

## A School Board member should maintain desirable relations with the superintendent of schools and other employees:

- BY striving to procure the best professional leader available for the head administrative position.
- BY giving the superintendent full administrative authority for properly discharging the professional duties of the position and the responsibility to achieve acceptable results.
- BY acting only after consideration of the superintendent's recommendations on matters of school governance.
- BY having the superintendent present at all meetings of the Board except when his or her contract and salary considerations are under review.
- BY respecting proper communication channels, referring all complaints to the proper administrative office and considering them only after failure of an administrative solution.
- BY providing adequate safeguards around the superintendent and other employees so that they can perform their responsibilities.
- BY presenting criticisms of an employee directly to the superintendent.

## A School Board member should maintain a commitment to the community:

- BY developing and adopting a mission and a vision statement for the school corporation.
- BY conducting all school business transactions openly.
- BY vigorously seeking adequate financial support for the schools.
- BY refusing to use the school board position for personal gain.
- BY refusing to discuss confidential board business anywhere other than when attending a properly advertised board meeting.
- BY earning the community's confidence that all is being done in the best interests of school children.

## ISBA REGIONAL ORGANIZATION

*...and it shall be the responsibility of a school board member always to think in terms of children first."*

- ISBA Code of Ethics

# ISBA SUPERINTENDENT SEARCH SERVICES

**ISBA HAS A LONG STANDING,  
PROVEN SYSTEM FOR FINDING  
THE BEST APPLICANTS FOR  
YOUR NEXT SUPERINTENDENT.**

## The ISBA Guarantee

As your professional organization, our mission is to support you in the work you do. Our work does not end when your superintendent begins. If you should need to engage in a new search within one year of your new superintendent's appointment, ISBA will reopen the search free of charge.

The leadership team must take part in the post-search communication workshop. This 2–3-hour session is designed to bring the members of the leadership team together to establish lines of communication and a foundation for success.

## Every ISBA search includes:

- Experienced and expert guidance throughout the process
- Maximum search exposure throughout Indiana and nationally
- A consistent and fair process for all candidates
- Revelus – our exclusive online application software designed specifically for superintendent searches
- Transparent view of all candidate material
- Opportunity to include community input
- Customizable process including a menu of individual services to assist you where you need it most.
- Professional candidate screening
- Proven interviewing process and guidance
- Leadership team communication workshop within 6 months of start date

## T H E C O N S U L T A N T S :

**Steve Horton**, ISBA Director of Board Services – Served as a local board member and senior consultant with the Ohio School Boards Association with more than eight years' experience leading boards through the search process and dozens of successfully completed searches.

**Dr. Kent DeKoninck**, retired public school superintendent – Celebrated 33 years in Indiana public education, eight of which served as superintendent.

# 36 YEARS

OF EXPERIENCE IN  
PROVIDING INDIANA  
SCHOOL CORPORATIONS  
WITH INDIVIDUALIZED  
BOND COUNSEL  
SERVICE.
