Dear ISBA Members:

As mentioned in the ISBA Week #9 Legislative Update sent on Wednesday, the first half of the bill process is now complete with the third reading deadlines that passed earlier in the week. Continue to access the ISBA Bill Tracking List [HERE](#) to find the current status of all 77 bills still on active bill list.

Linked [HERE](#) you will find the ISBA 2019 Legislative Session Mid-Term Report. In this report, you will find the ISBA 2019 priority issues, talking points, and the bills aligned to the Association's agenda.

I would encourage you to take a close look at the report and use this resource to build advocacy messaging to communicate with your area legislators on priority issues. In addition, please consider writing an op-ed or letter to the editor in support of increased tuition support funding for K-12 public education. Now is an excellent time to use earned media to support our cause.

Thank you!
