COVID-19 & School Guidance

Stay-at-Home and Related Executive Orders

Under executive order, **all schools will be closed for the remainder of the school year**. School must complete either **160 total instruction days OR at least 20 more days of remote learning from April 2nd until the end of the school year (which is June 30 as defined in IC 20-18-2-17)**. All k-12 schools must deliver remote instruction, by some method, for the remainder of the school year. Schools may need to institute remedial or make-up programs to compensate for any lost instruction time.

Gov. Holcomb has renewed the [Public Health Emergency declaration](#), which has been extended to June 4, 2020.

Additionally, the Governor has issued **EO 20-26 which outlines a 5-stage plan**. We are currently in **Stage 2, which lasts May 4-23, 2020** (except Cass, Lake, and Marion counties which have later dates due to larger outbreaks).

<https://www.in.gov/gov/files/Executive%20Order%2020-26%20Roadmap%20to%20Reopen.pdf>

In Stage 2:

- “All individuals should stay at home or at their place of residence as much as practicable to mitigate the spread of COVID-19.”
 - Individuals may leave for essential purposes or employment
 - Social distance regulations must be abided
 - Individuals are strongly encouraged to wear face coverings
- High risk and vulnerable individuals are urged to stay home as much as possible.
- “Any gathering is limited to twenty-five (25) or fewer people who must also engage in social distancing and other sanitation measures.”
- “Educational Institutions (including public and private pre-K-12 schools, colleges, and universities) may be open for purposes of facilitating distance learning, performing critical research, or performing essential functions, provided that social distancing of six-feet per person is maintained to the greatest extent possible.”
 - Schools should participate in enhanced environmental cleaning
- “All buildings, facilities, and grounds for K-12 educational institutions, public or private, will remain closed through June 30, 2020, except for purposes previously allowed in Executive Orders pertaining to this public health emergency.”

For more information on the reopening plan and the five stages, visit:

<https://backontrack.in.gov/2362.htm>

School Budget/Finance

It is understood that at this time, schools may be incurring additional expenses related to COVID-19. These expenses may be anything from publishing and mailing distance learning packets, installing Wi-Fi and Wi-Fi hotspots, and other related expenses. IDOE has said that schools should track their COVID-19 expenses as much as possible, “School districts should document all excess costs related to COVID-19 that are beyond normal operational expenses. The method for tracking these expenses is locally determined. The federal government, state of Indiana, or individual counties may request reimbursement for these expenses. School districts should be prepared to provide detailed documentation.”

School Board Meetings

The Governor has authorized all governing bodies, including school boards, to conduct their meetings remotely *during the public health emergency period*. See https://www.in.gov/gov/files/Executive_Order_20-09_Continuity_of_Government_Operations.pdf. The Governor recently extended the public health emergency period to June 4, 2020. See <https://www.in.gov/gov/files/Executive%20Order%2020-25%20Renewal%20of%20Public%20Health%20Emergency%20declaration%20of%20Covid-19.pdf>.

As a result of the Governor’s executive order, the Public Access Counselor issued a guidance document and a FAQ, that addresses the changes to the Open Door Law. See <https://www.in.gov/pac/>. The PAC’s guidance includes the following:

- Public agencies should cancel or postpone nonessential meetings consistent with the Governor’s Executive Order. Cancellations of meetings do not require notice but notifications via web site or social media is advisable.
- If there are items or authority that can statutorily be delegated to a presiding officer, a governing body should ratify those actions when normal meetings

resume. This includes, but is not limited to, operational or administrative functions and executive or ministerial duties.

- A board may meet virtually or remotely if a quorum of members participates in the meeting.
- Final action (i.e., voting on public business) must take place at a meeting that is open to the public.
- *All votes during an electronic meeting must be taken by a roll call vote. The secretary of the board should call each member's name and the member must cast his/her vote aloud.*
- The meeting must be made available to the public and the media for real-time observation. Livestreaming on social media websites and/or broadcasting on public television stations are some suggested avenues for allowing the public to observe and record the meeting.
- Public notice of meetings and meeting agendas may be posted solely by electronic means.

Additional modifications include:

- Suspension of the provision of the ODL that requires a governing body to adopt a policy governing electronic participation in meetings.
- Suspension of all specific statutory deadlines requiring a governing body to meet during the public health emergency so long as the cancellations do not disrupt essential government decisions or services or when meetings are required by federal law.

Lastly, please note guidance from the PAC and the DLGF on public hearings:

- A public hearing is distinguishable from a public meeting. While the Open Door Law grants the public the opportunity to observe meetings of public agencies, public agencies may be required by statute to hold a hearing where the public has the right to make comments regarding a particular matter.
- When statute requires a public hearing prior to a local unit taking action, the governing body should provide for some method for the public to provide comment remotely. This includes verbal comments using WebEx, Zoom, or other means. The public should also be given an opportunity to submit written comments in the days leading up to and after the public hearing.
- Please note that the notice of public hearing must be published in accordance with IC 5-3-1. The notice should explain that the hearing will be conducted electronically as permitted under Executive Order 20-09 and include instructions for how to access the electronic meeting, such as via phone or internet.

The DLGF guidance on local government meetings during the public health emergency may be found on our website: <https://www.isba-ind.org/coronavirusresources.html>.

Graduation

Requirements

The State Board of Education has provided some flexibility on graduation requirements for high school Seniors. Under this approved flexibility, a school corporation may issue an Indiana diploma to a student who:

1. Has met all of the course and credit requirements for the specific diploma designation based on a combination of high school credits earned prior to and the courses in which a student was enrolled as of March 19, 2020, when the Governor issued the statewide school closure order; and
2. Meets any virtual or remote learning participation requirements established by the governing body of the local school corporation in response to the statewide school closure order issued by the Governor; and
3. Meets any additional graduation requirements established by the governing body of the local school corporation pursuant to IC 20-32-4-1.5(3) prior to the school closure order issued by the Governor.

More information on this policy and on guidance regarding the requirements for a Core 40, Core 40 with Academic Honors, Core 40 with Technical Honors, and General diploma can be found in this document from the State Board of Ed.:

<https://www.in.gov/sboe/files/Graduation%20Requirements%20FINAL%204.2.20.pdf>

Additionally, the flexibility has been extended by the State Board of Education to include the 2020 Cohort, fifth-year Seniors, and individuals in Adult Education programs.

Ceremonies

IDOE has published [guidance on graduation ceremonies](#), and ISDH has published [additional guidance](#).

School officials must work with their local health departments in developing Ceremony plans to be sure the ceremonies comply with social and mass gathering requirements. In addition, school boards should at least review ceremony plans and approve the plans if necessary.

Continuous Learning

Schools must participate in a continuous learning program, whether that is eLearning or another type of distance learning, for the remainder of the school year. What qualifies as distance learning is locally defined. For information on the implementation of eLearning, please visit: <https://www.doe.in.gov/elearning/elearning-day-program>.

Student Handbooks

Extensive changes to student handbooks will likely be necessary to incorporate local and state health department guidance, including rules on social distancing and the use of PPE.

Grading Policies

Grading practices remain a responsibility of the school board. IDOE has published the following guidance on grading during the pandemic and distance learning:

<https://www.doe.in.gov/sites/default/files/news/pass-fail-guidance-april-6-final.pdf>,

and strongly cautions against Pass/Fail grading scales for grades 8-12.

Educating Students with a Disability

The Office for Civil Rights webinar on eLearning and Remote Learning:

https://www.youtube.com/watch?utm_content=&utm_medium=email&utm_name=&utm_source=govdelivery&utm_term=&v=DCMLk4cES6A. For eLearning information and guidance for students with disabilities, please see:

<https://www.doe.in.gov/sites/default/files/elearning/elearning-day-program-guidance-students-disabilities-rev-052219.pdf>.

- If a school is participating in eLearning or some form of distance education, schools must provide similar services for students with special needs. Instruction may include reasonable modification to meet the student's needs including:
 - Telephone calls with the instructor.
 - The mailing of packets of activities, assignments, and information.
 - Part B funds can be used to mail out these packets.
 - The use of third-party appropriate online activities.
- IEPs should be revised to accommodate eLearning and distance learning for students with special needs.
- Compensatory services should be addressed at the time that school is back in session.

The US Dept. of Ed has published a Q&A guide for providing services to students with special needs during the pandemic: <https://sites.ed.gov/idea/files/qa-covid-19-03-12-2020.pdf>.

Food Assistance Programs

Indiana schools are not required to continue to provide meal assistance but are strongly encouraged to do so or to partner with local organizations to keep those programs going and ensure food access for the community. IDOE has received a waiver and can now do USDA Grab and Go meals. IDOE and the USDA have released the following guidance:

- FNS and Coronavirus: <https://www.fns.usda.gov/disaster/pandemic>
- FNS preK-12: <https://www.fns.usda.gov/program/assistance-children-kindergarten-12th-grade>

The Indiana State Department of Health (ISDH) has released guidelines to support food safety in light of COVID-19. While the Centers for Disease Control, the Food and Drug Administration, and ISDH are not aware of any cases of COVID-19 transmission through food or food packaging, guidance has been developed to assist food handlers. More information can be found here: https://coronavirus.in.gov/files/IN_COVID-19_FoodGuidance_03.20.20.pdf.

The Use of Schools for Childcare

The Indiana State Department of Education (DOE) and Family and Social Services Administration (FSSA) have partnered to encourage school corporations in Indiana to open schools on a limited basis to provide child care services for emergency workers and others who are working to keep communities safe during the COVID-19 pandemic.

- On 3/27, FSSA provided new guidance for childcare operators who are licensed by the state. Here is the link: <https://www.in.gov/fssa/carefinder/5761.htm>
- IDOE has provided similar guidance to school corporations to care for the school age children of essential workers. The guidance provides specific steps for schools to take to open school facilities as well as how to maintain a safe environment. <https://www.doe.in.gov/sites/default/files/news/child-care-recommendation-essential-personnel.pdf>
 - Among precautions for school district officials, the steps include collecting child health records, allowing extra time for deep cleaning, prohibiting staff who are in high-risk categories from providing the care, and keeping groups of students in separate areas of the building.
- ISDH has also published guidance: https://www.in.gov/isdh/files/IN_COVID-19_ChildcarePrograms03.12.20.pdf

Employment Considerations

Only essential and minimal business operations may continue. For a school this includes instruction and facilitation of instruction, ensuring the safety, security, and sanitation of school grounds, and maintaining payroll and other employee benefits. Essential staff may continue their duties remotely and may enter and use the school grounds when necessary so long as social distancing guidelines are being followed.

Payment of non-essential staff and the continuation of employment for non-certified staff is up to the school board. For examples of resolutions and policies adopted by school boards concerning certified and non-certified staff's payment, see the Appendix.

Staff Performance Evaluations

In Gov. Holcomb's executive order 20-20, new guidelines were set forth for staff performance evaluations and teacher remediation plans for the 2019-2020 school year. The executive order can be found here: https://www.in.gov/gov/files/EO_20-20.pdf.

For teacher evaluations, schools have two options:

- To continue with their usual method of evaluation with consideration for incomplete data sets.
- To use evaluations from the 2018-2019 school year so long as it provides an accurate representation of the individual's work for this year and the teacher was not on a remediation plan.

Families First Coronavirus Response Act (FFCRA)

For more information on Families First Coronavirus Response Act: Employer Expanded Family and Medical Leave, please see our guidance on our Coronavirus resources page. Although FFCRA takes effect on April 1, the Department of Labor’s Wage and Hour division has said that they “will observe a temporary period of non-enforcement of the FFCRA for the period of March 18 through April 17, 2020”

(<https://www.dol.gov/sites/dolgov/files/WHd/legacy/files/fab2020-1.pdf>).

Suggestions for School Boards

ISBA recommends that school boards:

- Convene a school board meeting only if there is essential business to be conducted.
 - Adopt or review a payment resolution for the duration of the pandemic.
 - **For a school corporation to receive CARES funds, a school must pay all staff to the greatest extent possible.**
 - Designate who is essential staff and what are essential operations.
 - Adopt a resolution for the donation of PPE materials.
 - Adopt or review an eLearning Attendance Policy.
 - Adopt or review an eLearning Grading Policy.
 - Ensure that this grading policy is not punitive and provides meaningful feedback for students.

Sample resolutions, policies, and a business letter on essential staff have been provided in the Appendix of this guide to assist with these recommendations.

Appendix: Sample School Board Materials

The following resolutions have been written by various school attorneys in Indiana and provided to the ISBA. Each attorney has given permission for ISBA to modify and share with other Indiana school corporations as needed. ISBA expresses its gratitude to the attorneys for their generosity. ISBA has modified the resolutions to provide for more generic use of the resolutions by Indiana school boards.

Sample Resolution 1: Role of the Superintendent

RESOLUTION OF THE BOARD OF SCHOOL TRUSTEES

WHEREAS, there is uncertainty to the safety of convening public meetings for the remainder of the current school term due to COVID-19;

WHEREAS, the governing body desires to authorize the school leadership to timely take all appropriate action to ensure the safety and well-being of our school community for the remainder of the current school term.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD AS FOLLOWS:

The Superintendent and/or his or her designees are hereby authorized, empowered and directed, to take any and all action as such person deems necessary or desirable and that is otherwise permitted by law to ensure the safety and well-being of our school community for the remainder of the current school term without prior action by this governing body.

FURTHER BE IT RESOLVED, the Board shall ratify any action taken to date or in the future as allowed above by the administration including the postponement or cancellation of school activities at its next meeting scheduled after such action is taken.

PASSED AND ADOPTED this _____ DAY OF _____, 2020.

Sample Resolution 2: Wage Payments During an Emergency School Closure

RESOLUTION OF THE BOARD OF SCHOOL TRUSTEES FOR THE _____ SCHOOL CORPORATION REGARDING WAGE PAYMENTS DURING AN EMERGENCY SCHOOL CLOSURE

WHEREAS, the superintendent of schools may close any or all schools or corporation offices or dismiss them early because of a pandemic prevailing in the school corporation or any other emergency in the interest of health and safety. The superintendent will take such action only after consultation with transportation, emergency management, health, and weather authorities or other agencies as necessitated by the circumstances. The superintendent shall promptly notify the Board of a decision to implement such an emergency closure.

WHEREAS, the Board acknowledges that in case of a pandemic-related emergency closure, school employees may be instructed not to report for work. The Board concludes that a need exists to address the payment of wages to those employees who are instructed not to report to work during such a closure and are not required to “work from home” or telecommunicate.

WHEREAS, employees who are instructed not to report to work may suffer a loss of pay unless the workdays are made up at a later date. The Board concludes that continuing wage payments to employees who suffer a loss in pay due to a pandemic-related emergency closure, serves the purposes of maintaining morale, reducing turnover, and ensuring continuity of staffing when school reopens.

NOW THEREFORE BE IT RESOLVED that, in case of a pandemic-related emergency closure, the Board authorizes continued wage payments to employees who are instructed not to report to work at the direction of the superintendent, unless the workdays are scheduled to be made up at a later date. Such wage payments shall be limited to an employee’s base pay.

BE IT FURTHER RESOLVED, such continued payment to employees applies only to pandemic-related emergency closures and does not apply to absences necessitated by an employee’s own health condition or quarantine.

Approved on the ____ day of 20__.

Sample Resolution 3: Wage Payment During a Declared Pandemic

RESOLUTION ON CONTINUATION OF SERVICE AND WAGE PAYMENT DURING A DECLARED PANDEMIC BY THE _____

BOARD OF SCHOOL TRUSTEES

WHEREAS, there is uncertainty to the safety of convening public meetings for the remainder of the current school term due to COVID-19;

WHEREAS, the governing body desires to authorize the school leadership to take all appropriate action in a timely fashion to ensure the safety and well-being of our school community for the remainder of the current school term.

WHEREAS, employees who are instructed not to report to work may suffer a loss of pay unless the workdays are made up at a later date. The Board concludes that continuing wage payments to employees, salaried and non-salaried, who may suffer a loss in pay due to a pandemic-related emergency building closures, serves the legitimate purposes of maintaining morale, reducing turnover, and ensuring continuity of staffing when school reopens.

NOW THEREFORE BE IT RESOLVED that, in event of pandemic-related building closures, the Superintendent/designee is hereby authorized, empowered and directed, to take any and all action deemed necessary or desirable and that is otherwise

permitted by law to ensure the safety and well-being of our school community for the remainder of the current school term without further action by this governing body. The Superintendent is authorized and is not limited to the payment of at-will and/or hourly employees on non-instructional and e-Learning days through the use of _____ days. Such wage payments shall be limited to an employee's base pay and shall not include payments for other missed opportunities, such as overtime. At will and/or hourly employees determined to be essential and required to come to work, or who are approved to volunteer to perform work required during pandemic-related building closures and e-Learning days will receive a \$_____ per hour added to their base rate. Any action taken that requires Board action shall be reported to the Board and the Board shall ratify and approve such actions at its next board meeting.

PASSED AND ADOPTED this _____ day of _____, 2020.

Sample Resolution 4: Donations of PPE

RESOLUTION OF THE BOARD OF SCHOOL TRUSTEES DONATIONS OF SUPPLIES AND MATERIALS

WHEREAS, the Governor of the State of Indiana declared a public health emergency exists throughout the State of Indiana due to the coronavirus disease 2019 (COVID-19) outbreak;

WHEREAS, the Governor directed the head of all state agencies to waive, suspend, or modify any existing rule of their agency where enforcement of the rule would be detrimental to the public welfare during the public health emergency;

WHEREAS, in response to the Governor's directive the State Board of Accounts issued a memorandum on March 31, 2020, allowing school corporations to use public funds for broader statutory purposes so long as the use of the funds relates to addressing the economic burden incurred by citizens and businesses as a result of the public health emergency;

WHEREAS, supplies and materials previously purchased by the school corporation may be donated to address the economic burden incurred by citizens and businesses as a result of the public health emergency and such a donation constitutes use of public funds;

THEREFORE, BE IT RESOLVED that the Board of School Trustees approves of the donation of supplies and materials previously purchased by the school corporation for purposes related to the public health emergency if board counsel has issued a written opinion that the donation is lawful during the emergency declaration;

BE IT FURTHER RESOLVED that the Board of School Trustees authorizes the Superintendent to donate supplies and materials as established in this Resolution, subject to ratification by the Board of School Trustees at a later date.

This Resolution will be in effect only during the period of the public health emergency as declared by the Governor.

Approved on ____ of _____, 2020.

Sample Resolution 5: Continued School Functioning Resolution

RESOLUTION OF THE BOARD OF SCHOOL TRUSTEES

WHEREAS, the President of the United States of America has declared a national emergency concerning COVID-19;

WHEREAS, on March 12, 2020, the Indiana State Board of Accounts advised school corporations to take steps to address disruption of travel, work environment and employee benefits, and compensation by developing a policy specific to this emerging pressing situation;

WHEREAS, there is uncertainty in the safety of convening public meetings for the remainder of the current school term due to COVID-19;

WHEREAS, the governing body desires to authorize the school leadership to timely take all appropriate action to ensure the safety and well-being of our school community for the remainder of the current school term or until the national emergency has ended, whichever concludes first;

WHEREAS, the governing body desires to authorize the school leadership to continue the business of the school reserved to the governing board under IC 20-26-5 as provided in the attached policy;

WHEREAS, the foregoing emergency has been declared, the governing body has determined it necessary to suspend any rules requiring two readings of a board policy prior to adoption;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD AS FOLLOWS:

The attached Emergency Delegation for Continued School Functioning Policy is hereby adopted and shall be effective during the national emergency period.

The Superintendent and/or his or her designee are hereby authorized, empowered, and directed, to take any and all action as such person deems necessary or desirable as provided in the attached Emergency Delegation for Continued School Functioning Policy and that is otherwise permitted by law to the governing body and/or the administration to ensure the safety and well-being of our school community for the remainder of the current school term or until the national emergency has ended,

whichever concludes first, without further action by this governing body. The governing body hereby designates the board President, and/or the Vice President, to approve claims for payment presented by the Superintendent. The board shall allow those claims at its first meeting after the Public Health Emergency has ended. The resolution authorizes and is not limited to the payment of at-will and/or hourly employees on non-instructional days.

This resolution expires at the time of the first governing body meeting following the end of the emergency period.

PASSED AND ADOPTED this ____ day of March, 2020.

Sample Policy 1: Policy for Continued School Functions

Delegation for Continued School Functions During a Declared Emergency

Upon declaration of an emergency by federal, state or local officials, the School Board authorizes the Superintendent and the Superintendent's designees the authority to act on behalf of the Board in accordance with applicable law with respect to the actions listed in this policy.

The Superintendent will consult with the Board President, or if unavailable, the Vice President, on any actions considered to be taken when such action is not immediately required. The superintendent will advise the Board of any actions taken at the time when possible. The Superintendent must advise the Board of any actions taken no later than its next regularly scheduled board meeting. At such meeting, the School Board will review and ratify or approve the action(s) taken.

The superintendent is authorized to take one or more of the following actions during a declared emergency but federal, state, or local officials relating to a health, safety, or weather emergency:

- 1) To employ, contract for, reassign, change schedules or discharge employees necessary for school purposes during the public emergency period.
- 2) To continue payment of the salaries and compensation of persons and services consistent with existing contractual obligations. To reassign staff to other duties to ensure continued wages when regular assignments are interrupted by online learning or school closures. To provide up to additional days of paid time off to address income losses impacted by the public emergency period.
- 3) To determine the number of persons or the amount of services needed to continue school operations during the public emergency period.
- 4) To determine the nature and extent of the duties of staff needed to continue school operations during the public emergency period including, but not limited to, reassignment of location, work schedule, specific duties, and job descriptions.

- 5) To approve the use of school facilities for use by other governmental or community health agencies to respond to declared public emergency.
- 6) To approve use of school vehicles, including buses, for transportation to respond to or to address community needs during the public emergency period.
- 7) To the extent feasible, to ensure instructional services to students are maintained through alternative methods such as eLearning, reduced instructional days, or other means deemed appropriate during the public emergency period.
- 8) To continue lunch program services for students, including permitting use of kitchens, kitchen facilities, kitchen equipment, and lunch rooms, and the purchases of materials and supplies for the lunch program, charging students for the operational costs of the lunch program, and fixing the price per meal or per food item during the public emergency period.
- 9) To operate the lunch program as an extracurricular activity during the public emergency period.
- 10) To participate in a surplus commodity or lunch aid program during the public emergency period.
- 11) To purchase curricular materials, to furnish curricular materials without costs, or to rent curricular materials to students, and to participate in a curricular materials aid program during the public emergency period.
- 12) To accept students transferred from other school corporations and to transfer students to other school corporations during the public emergency period.
- 13) To enforce, amend, or suspend rules, regulations, and procedures for the governance, management, and operations of the schools, property, facilities, and activities of the school corporation, the school corporation's agents, employees, and students during the public emergency period.
- 14) To determine the closure of schools to ensure the safety and health of students and staff when necessary during the public emergency period.
