## Governor of Indiana

### Executive Orders

The Governor extended the county-based measures and *modified slightly* the restrictions originally established in Executive Order 20-50. The new order, Executive Order 21-02, went into effect on February 1, 2021, and will remain in effect through February 28, 2021.

For school corporations, the previous face covering requirements remain in effect. As a reminder, the face covering requirements are:

- (1) All students in grades 3-12 and all faculty, staff, vendors, contractors, volunteers, and visitors must wear a face covering or face shield while physically present in any building, facility, or grounds unless an individual meets one of the exemptions listed in the order.
- (2) All students regardless of age or grade, and anyone else on a school bus, must wear a face covering or face shield while on the bus or any other school-sponsored mode of transportation unless an individual meets one of the exemptions listed in the order.

Exceptions to the requirements above include:

- (1) Individuals do not have to wear a face covering or face shield while eating or drinking.
- (2) Faculty and staff, when present in a room, office, or place, do not have to wear a face covering or face shield as long as six feet of social distance can be maintained.
- (3) If, in a classroom setting, all students and instructors can maintain six feet of social distance, a face covering, or face shield is not required. Alternatively, if all students are positioned to face in the same direction and all students can maintain at least three feet of social distance, then students do not have to wear a face covering or face shield. Teachers must wear a face covering or face shield unless they can maintain six feet of social distance from students.
- (4) Students do not have to wear face coverings or face shields during recess as long as social distancing can be maintained.
- (5) Students, teachers, coaches, trainers, volunteers, and other personnel participating in extracurricular and co-curricular activities do not have to wear a face covering or face shield while engaged in strenuous physical activity.

Attendance *recommendations* at K-12 extracurricular and co-curricular activities are as follows:

- (1) For counties designated as red, overall attendance (attendees, staff, and others) may not exceed 25 individuals;
- (2) For counties designated as orange, overall attendance (attendees, staff, and others) may not exceed 50 individuals;
- (3) For counties designated as yellow, overall attendance (attendees, staff, and others) may not exceed 100 individuals; and
- (4) For counties designated as blue, overall attendance (attendees, staff, and others) may not exceed 250 individuals.

Overall attendance *may be greater* than the numbers above *IF* the school corporation submits a safety plan to the local health department, ensures that attendees and staff adhere to social distancing requirements and wear face coverings, and has sufficient persons, staff, or volunteers to monitor compliance with these directives. If the school corporation complies with these requirements, overall attendance (attendees, staff, and others) may not exceed:

- (1) For counties designated as red or orange, 25% of the facility's capacity;
- (2) For counties designated as yellow, 50% of the facility's capacity; and
- (3) For counties designated as blue, 100% of the facility's capacity.

The Governor also renewed the declaration of a public health emergency for the 11<sup>th</sup> time. In Executive Order 21-03, the Governor declared it was necessary to extend the public health emergency for another 30 days. The renewal of the public health emergency took effect on January 30, 2020, and will expire on March 1, 2021, unless renewed further. As we have stated before, the modifications to the Open Door Law that allow school boards to meet remotely (or to have individual board members participate remotely) remain in effect as long as the public health emergency exists. Thus, for the remainder of February, school boards have the discretion to conduct remote or in-person school board meetings. Members of the board who elect to participate in a meeting virtually may be counted as present and may vote.

## Guidance for Quarantine for Schools

ISDH announced changes in quarantine guidelines, specifically:

- (1) Teachers and students will not have to quarantine if they have been exposed to COVID in a classroom where everyone is at least three feet apart and masked at all times.
- (2) In cases of close contact, the 14-day quarantine period can be reduced to 10 days if the teacher or student did not exhibit any symptoms; alternatively, a teacher or a student can return sooner if the teacher or student tests negative by a PCR test on day 5, 6, or 7 and exhibits no symptoms.

The ISDH will send the new quarantine requirements to all schools and may be found at [https://www.coronavirus.in.gov/files/21\\_Decision%20Trees\\_2-4.pdf](https://www.coronavirus.in.gov/files/21_Decision%20Trees_2-4.pdf).

Additionally, it was announced that the Department will be sending additional masks, both adult and kid-sized, hand sanitizer, and rapid testing kits to schools.

**APPENDIX**

**RESOLUTION ON CONTINUATION OF THE EXPANDED PAID SICK LEAVE ACT (EPSLA) BY THE \_\_\_\_\_  
BOARD OF SCHOOL TRUSTEES**

**WHEREAS**, the Expanded Paid Leave Act (EPSLA), which provided paid leave to employees who were unable to work or telework due to COVID-19-related issues expired on December 31, 2020.

**WHEREAS**, legislation passed by the United States Congress and signed by President Trump on December 27, 2020, allows employers to continue providing the EPSLA leave to their employees through March 31, 2021.

**WHEREAS**, this legislation allows employers to continue providing the EPSLA leave to their employees through March 31, 2021, school boards have the discretion to continue to provide the benefits of the EPSLA to their employees beyond March 31, 2021.

**WHEREAS**, the number of positive cases for COVID-19 continues to increase in the areas surrounding and within the school corporation, the need for employees to have paid leave available as required by the EPSLA continues beyond December 31, 2020. The Board concludes that continuing the leave benefits provided by the EPSLA to employees serves the legitimate purposes of maintaining morale and providing a safe work environment for all employees and students.

**NOW THEREFORE BE IT RESOLVED** that the Board shall continue to provide the paid leave for its employees as provided in the EPSLA and its regulations retroactively from January 1, 2021, until *[end date of continuation]*. All provisions of the EPSLA and its regulations in effect as of December 31, 2020, shall continue to be followed and provided including the qualifications, restrictions, and reasons for the leave and its payment of wages provisions with the following exceptions:

*[List here the exceptions to the provisions of the EPSLA and its regulations the Board has determined.]*

PASSED AND ADOPTED this \_\_\_\_ day of \_\_\_\_\_, 2021.
